VACANCY

COST ENGINEERING SPECIALIST CONSULTANT

LOCATION: REMOTE / TWIN HILLS GOLD MINE SITE

JOB SUMMARY

We are seeking a detail-oriented and experienced Cost Engineering Specialist Consultant to join our project team. The successful candidate will be responsible for managing and controlling project costs to ensure financial efficiency, risk mitigation, and alignment with the project budget and timelines. A strong working knowledge of Aconex Cost Management (Oracle Aconex) or similar cost management systems is required for this role.

MINIMUM REQUIREMENTS

- Bachelor's degree in engineering, Quantity Surveying, Construction Management, Finance, or a related field
- 3–7 years of experience in cost engineering, project controls, or construction finance.
- Proven Owners team or EPCM experience as a cost engineer
- Proven experience using Aconex Cost Management/Prism or similar cost management systems on infrastructure, engineering, or construction projects
- Proficiency in cost estimating, budgeting, forecasting, and variance analysis
- Strong understanding of project lifecycles, procurement processes, and contract management. Attention to detail with strong problem-solving ability
- Advanced MS Excel skills and working knowledge of other project control tools.
- Excellent communication and analytical skills

KEY RESPONSIBILITIES

- Maintain project budgets, and forecasts in coordination with project and finance teams
- Monitor and track project costs, identify variances, and report on cost trends
- Utilize Aconex Cost Management software to manage cost workflows, commitments, variations, and payments
- Analyze cost performance and provide recommendations for corrective actions
- Support procurement and contract management teams in reviewing bids, contracts, and change orders
- Collaborate with Osino Project Team, Osino Finance, and contractor controls teams
- Assist Project Controls Manager with inputs to cost reports, dashboards, and forecasts for reporting to senior stakeholders
- Ensure cost management processes comply with company policies, contract requirements, and industry standards
- Participate in project audits and risk reviews as needed

HOW TO APPLY

Interested candidates should submit a resume and a letter of motivation detailing relevant experience and qualifications to **recruitment@osinoresources.com** by **27 August 2025**. If you have not heard anything from us two weeks after the due date, please consider your application unsuccessful. **NO HARD COPY CV'S WILL BE ACCEPTED AT OUR OFFICES.**
