

VACANCY

Manager: Projects and Transformation

Grading: D3

About the Role

PAN is recruiting an innovative and strategic **Manager: Projects and Transformation** to drive key initiatives across the National Payment System (NPS). This role manages product lifecycle transformation, stakeholder coordination, and project execution in alignment with regulatory and industry objectives.

Key Responsibilities

- Manage the design, development, and execution of PAN projects and transformation efforts.
 - Lead the transformation of payment streams, identify opportunities, and mitigate risks.
 - Develop and implement frameworks, standards, and technical solutions.
 - Collaborate with stakeholders on innovation, compliance, and interoperability.
 - Oversee project and product lifecycle management, including budgets and performance.
 - Ensure communication strategies, forum management, and industry representation.
 - Mentor and lead the Projects and Transformation team.
-

Minimum Requirements

- Honours Degree in Computer Science, Engineering, Business Administration, Economics, or related field (Master's advantageous).
- At least 7 years of experience, with 3 years in a managerial position.

- Strong project and product management experience.
 - Knowledge of payment standards, ICT, financial regulations, and NPS.
 - Strategic mindset with stakeholder engagement experience.
-
