

Radiation Therapist VACANCY

NOC Eros

The Namibian Oncology Centre (NOC) is a state-of-the-art cancer treatment facility offering progressive, comprehensive cancer care through some of the most advanced treatment modalities available today. Patient care is what drives us to stay at the forefront of advances in our field. We have an opportunity for a **Radiation Therapist** to join our team.

WHAT YOU WILL BE DOING

- Safely and accurately deliver prescribed radiotherapy treatments to patients
- Perform patient simulations, tumour localisation procedures, and prepare immobilisation devices
- Maintain accurate records of patient treatment regimens and progress
- Observe and implement radiation safety measures for patients and personnel
- Explain procedures to patients and provide education on potential side effects and management
- Perform and document daily linear accelerator warm-up and quality assurance procedures
- Monitor patients during treatment and respond appropriately to any complications
- Collaborate with medical physicists and oncologists to optimise treatment delivery
- Participate in weekly on-call rotation as required
- Maintain clean, safe, and orderly treatment areas
- Assist with departmental policies, procedures, and continuous improvement initiatives

WHAT WE NEED FROM YOU

- Degree in Therapeutic Radiography or equivalent relevant qualification (essential)
- Minimum three years' clinical experience with linear accelerators
- Experience in VMAT/RapidArc and advanced treatment techniques
- Experience with Mosaik software and Elekta linear accelerators preferred
- Current registration with Allied Health Professions Council of Health Professions Council of Namibia
- Recent working experience within the private healthcare sector is advantageous
- Strong organisational and leadership skills
- Proven work ethic and ability to work under pressure
- Excellent written and verbal communication skills with patients and colleagues
- Fluency in English; additional languages advantageous

Apply Before 27 February 2026
