

VACANCY: KOMATSU GD 675-5 GRADER OPERATOR

Unitrans Mining
Hope & Gorob Mine, Namibia

Location: Walvis Bay

Number of Positions: 1

Business Unit / Division: Mining

Job Type: Site-Based Operations

Closing Date: 21 May 2026 @ 7:00PM

Company Introduction

Unitrans Mining has an exciting opportunity for an experienced Komatsu GD 675-5 Grader Operator to join its operation at Hope & Gorob Mine in Namibia. The successful candidate will be responsible for operating grader equipment to maintain roads, surfaces, and operational areas within the mining environment.

Role Purpose

The Komatsu GD 675-5 Grader Operator will be responsible for safely and efficiently operating grader equipment to maintain haul roads, access roads, work areas, and other site surfaces. The role requires precision, safety awareness, and strong knowledge of road maintenance in a mining environment.

Key Responsibilities

1. Grader Operation

- Safely operate the Komatsu GD 675-5 Grader.
- Grade, level, shape, and maintain haul roads and access roads.
- Maintain safe road conditions for mobile equipment and site traffic.
- Support road construction, drainage, and general surface maintenance activities.

2. Inspections & Reporting

- Conduct daily pre-start and machine inspections.
- Report defects, blade damage, tyre issues, leaks, or unsafe conditions timeously.
- Maintain accurate inspection sheets and operational records.

3. Safety & Compliance

- Adhere strictly to company policies, procedures, safety regulations, and site rules.
- Operate safely around trucks, dozers, excavators, and other mobile equipment.
- Follow instructions from supervisors and site management.

4. Housekeeping & Equipment Care

- Maintain good housekeeping of machinery and work areas.
- Keep equipment clean, safe, and ready for operation.
- Report unsafe road conditions or site hazards immediately.

5. Operational Support

- Assist with ad hoc operational responsibilities as required.
- Support production and road maintenance teams to ensure safe site access.
- Be willing to work shifts, weekends, overtime, and public holidays when required.

Minimum Requirements

- Namibian ID.
- Grade 12 or NQF Level 4.
- Valid driver's license, where applicable.
- Valid competency certificate for Komatsu GD 675-5 Grader or relevant grader equipment.
- Minimum of 2–3 years' proven grader operating experience in a mining or civil environment.
- Contactable references.
- Must be medically fit.
- Must have sober habits.
- Must be willing to work shifts, weekends, overtime, and public holidays.

Skills & Competencies

- Strong grader operating skills.
- Good understanding of haul road and access road maintenance.
- Precision and attention to detail.
- Strong safety awareness.
- Ability to work independently and follow instructions.
- Good communication and teamwork skills.

Remuneration

A competitive remuneration package will be offered in line with the candidate's skills, experience, and qualifications.

How to Apply

If you meet the above requirements, please submit:

- A detailed CV
- Certified copies of qualifications
- Certified copy of Namibian ID
- Certified copy of valid driver's license, where applicable
- Certified copy of relevant machine competency certificate
- Contactable references

Applications must be submitted via the recruitment portal at www.jobopportunities.net.

Applicants must clearly indicate that they are applying for **Komatsu GD 675-5 Grader Operator**.

Only shortlisted candidates will be contacted.

Unitrans Mining is an equal opportunity employer and encourages applications from suitably qualified candidates.
