

Rosh Pinah Zinc, a leading mining company, is seeking a skilled **Exploration Geologist** to join our dynamic team. The successful candidate will play a pivotal role in our operations.

INTERNAL & EXTERNAL VACANCY EXPLORATION GEOLOGIST

Your key areas of responsibility:

- Schedule and execute regional exploration activities, including surface mapping, core logging and sampling.
- Formulate and execute the exploration strategy.
- Drill planning and monitoring.
- Database management in acQuire and modelling of geology and grade in Mine Sight and/or in Leapfrog.
- Application of exploration techniques and technology, geological interpretations, and reporting.
- Conduct Quality Assurance Quality Control (QAQC) within area of responsibility.
- Assist with mineralogical investigations.
- Conduct geophysical and geochemical studies.
- Support budgeting processes, monitor expenditure, and ensure cost-effective management of geological data and drilling-related activities.
- Support team development through training, coaching, performance management, and knowledge sharing.
- Ensure compliance with SHE requirements, company standards, and statutory regulations.

Ideally, you will have:

- A Bachelor of Science (B.Sc.) Honours in Geology
- A M.Sc. in Geology or other technical geology qualifications will be an added advantage.
- Minimum 6 years relevant on-mine and regional exploration experience.
- A registered competent person (SACNASP affiliated or similar) will be an added advantage.
- Proficiency in acQuire, Deswik, Minesight, Vulcan, and Leapfrog.
- Proficiency in Microsoft Package Suite.
- Valid Code Driver's License

To apply for the position, submit a compliant application with a cover letter through the recruitment portal www.jobopportunities.net. If there is no contact within 2 weeks after closing date, consider your application unsuccessful. Candidates from designated categories are encouraged to apply.

Closing date: 01 October 2026
