

Vacancy at N/a'an Ku Sê Wildlife Experience – N/a'an Ku Sê Wildlife Sanctuary

An exciting and challenging opportunity is available for a **Wildlife Veterinarian** to join our team.

Location: Farm Frauenstein No. 277, approximately 42 km east of Windhoek, Namibia.

Closing date: 4 November 2026

POSITION OVERVIEW

The Veterinarian will be responsible for the veterinary care of wildlife, large game, carnivores and domestic animals across our sanctuary and conservation projects. The role includes leading game capture, chemical immobilisation and translocation operations, doing field-based veterinary work, and teaching visiting veterinary groups and students. We are looking for an experienced, hands-on vet who is passionate about animal welfare and conservation.

KEY RESPONSIBILITIES

- Provide veterinary care to wildlife, large game, carnivores and domestic animals, including diagnosis, treatment, surgery and post-operative care
- Plan and carry out game capture, chemical immobilisation and translocation operations safely and effectively
- Carry out field work such as darting, collaring, sampling, health assessments and emergency call-outs, often in remote areas
- Manage the immobilisation of carnivores (e.g. lions, leopards, cheetahs, wild dogs) and large herbivores, with a focus on animal welfare and team safety
- Supervise and teach visiting veterinary groups, students and volunteers during practical sessions
- Keep accurate clinical records, treatment logs and controlled drug registers in line with legal requirements
- Manage veterinary stock, medicines and equipment, including ordering, storage and stock control
- Develop and follow preventative health, vaccination, parasite control and biosecurity programs
- Support research, conservation and rehabilitation projects with veterinary input and data collection
- Work closely with animal care, research and management teams, and report regularly on animal health
- Be available for after-hours, weekend and standby duties as operations require

QUALIFICATIONS AND REQUIREMENTS

- Degree in Veterinary Science (BVSc, DVM or equivalent) from a recognised institution
- Registered, or eligible to register, with the Veterinary Council of Namibia
- Minimum of 3 years' post-qualification experience, mainly with wildlife
- Proven experience in game capture and chemical immobilisation of wildlife
- Proven experience working with large game and carnivores
- Postgraduate qualification or certificate in wildlife medicine, game capture or a related field will be an added advantage
- Experience with Working on Vet Master Invoicing System

- Valid driver's licence and the ability to drive 4x4 vehicles off-road
- Willing to work in remote, rural areas, irregular hours and physically demanding conditions
- Namibian citizens and permanent residents are strongly encouraged to apply

SKILLS AND COMPETENCIES

Technical Skills

- Strong clinical, surgical and field-based diagnostic skills
- Competence in darting, chemical immobilisation, anaesthesia monitoring and reversal
- Knowledge of wildlife handling, capture techniques and translocation procedures
- Accurate clinical record-keeping and controlled drug management
- Ability to teach and demonstrate practical veterinary procedures

Soft Skills

- Sound judgement and composure under pressure, especially during capture and emergency procedures
- Strong commitment to animal welfare, safety and ethical veterinary practice
- Effective communication and interpersonal skills
- Ability to work independently in the field and as part of a team
- Well organised and able to manage changing priorities in a busy operation
- Practical, flexible and solution-driven
- Passionate about conservation and the mission of N/a'an ku sê

WHAT WE OFFER

- Competitive salary package aligned with qualifications and experience
- Opportunity to represent diverse, purpose driven brands making a real difference
- Access to the N/a'an ku sê Medical Aid Group (employee contribution)
- Dynamic work environment supporting conservation and community development
- Professional growth opportunities across multiple business sectors

APPLICATION PROCESS

Applications must be submitted via our online portal.
